## Information

We hope you're all excited for the Maa Skydive, below is some extra information:

### A

The minimum age for Tandem skydiving is 16. There is no maximum age however in order to fulfil our duty of care we reserve the right to impose further conditions, or decline to make a jump altogether, if on the day we feel that an individual's physical or mental capabilities might have an effect on the safety of their jump.

### B

The maximum weight limit (clothed with shoes) for [Tandem Skydiving](#) is strictly 16 stone (102Kg). Anyone over 15 stone (95Kg) however (again clothed with shoes) will need to pay their instructor an extra £10 to cover the additional workload and wear and tear on equipment.

### C

Reasonable height to weight ratio and levels of fitness also apply – which please note, for safety reasons, are a little more stringent for women weighing over 13 stone (83Kg). Please come in comfortable clothing.

### D

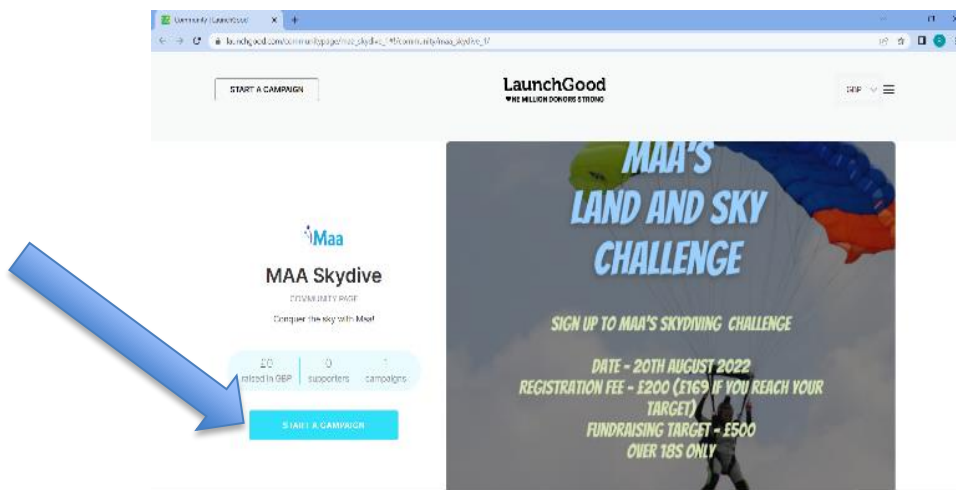

No refunds, however if there is a cancellation due to bad weather, you can reschedule to a more suitable date in the future.
