FUNDRAISING

Thank you for signing up for the MaaMonth Peak District Hike! We hope that you are looking forward to climbing the Peak District with other universities around the UK.

Our fundraising platform for MaaMonth 2022 will be JustGiving.

Each society will have their own team page and every participating individual can create their own fundraising pages to raise money for the Hike or any challenge. This page can be linked to the society team page and will contribute towards the team total.

Please make sure to share the page and get as many donations as possible. Remember the money you fundraise will go in aid of the mothers in rural Bangladesh. Just a little bit of effort and you could make life changing impact on our mothers in Bangladesh and be one step closer in revolutionising maternal healthcare.

Steps to create a fundraising page on JustGiving:

1. Go to maauk.co/maamonth22
2. Find your society's team page from the Teams list (if you're not part of a society click "start fundraising")
3. Click on "join the team" to set up your page
4. Create your fundraising page and share it to get donations!
5. Send your JustGiving page to us along with your signed declaration
6. Fundraising target: £250

In addition, we are more than happy to create your page if you need any help!

Top tips for fundraising:

- Message friends and family (best way to get donations)
- Social Media
 - Instagram stories
 - Instagram highlights
 - Live videos
 - Facebook posts
- Get cash donations from family and friends and donate through your own fundraising page with the money you have accumulated.
